Dear Nick,

**APPROVAL OF PROPOSAL FOR CHANGE 21/01 RELATING TO PART D OF THE CVL NETWORK CODE**

1. The Office of Rail and Road (ORR) has today approved Proposal for Change (PfC) 21/01, which was submitted to it by Amey Keolis Infrastructure Limited (AKIL) initially on 17 February 2021 and subsequently, in its final form, on 10 March 2021. The proposal amends Part D of the CVL Network Code in line with modifications that have been made to Part D of the Network Rail Network Code.
2. ORR has reviewed PfC 21/01 and has approved the proposal because it is satisfied that the changes will ensure that Part D of the CVL Network Code aligns with Part D of the Network Rail Network Code. The approval of PfC 21/01 is consistent with ORR's section 4 duties.
3. The modifications to Part D of the CVL Network Code shall come into effect 14 days from the date of this notification.
4. In giving a notice of approval, ORR also copies this letter and attached notice to all parties identified under Conditions A4.1 of the CVL Network Code.
5. A copy of this letter, the approval notice and a marked up copy of Part D of the CVL Network Code, showing all the proposed changes, will be placed on the ORR website. A copy of the approval notice will also be placed on the ORR's public register.

Yours sincerely

A handwritten signature in black ink that reads 'James Osborn'.
